

WATERJEL FIRE BLANKETS and Burn Management

WATERJEL FIRE BLANKETS and Burn Management

In a severe burn emergency, every second is critical. With the right first response, you could be saving a life. Water-Jel fire blankets can do just and they do more than dry fire blankets.

- Immediately extinguishes flames
- Cools, covers, protects burn injuries
- Relieves pain
- Help stop the thermal insult to the skin
- Stabilizes the burn patient for transport to a hospital or burn center
- Provides a consistent standard of care for burns
- Pre-saturated with water-Jel's new clear, lightweight, fragrance-free gel that consists of 96% water.
- Clear gel allows clear visual assessment of burn injuries.
- 100% wool with a special intercellular weave that absorbs and retains the gel up to 13 times its own weight.
