

## FRP LADDERS

- Spacing between Rings – 1 feet
- Insulation: up to 100 kv Tested
- Made from FRP material
- “C” section Size: 80x30x4mm
- Self Supported Extension Ladder
- Wall Supported Extension Ladder
- Folding Platform Ladder
- Wall Supported Ladder

## DOMESTIC LADDERS

Made from Lightweight and High Tensile Aluminum alloys.

“C” Section of 66 x 33 mm Thick

Safe and versatile with Non slip corrugated rungs.

Weather resistance

Durable shoe rests flat on slip-resistance
