

**Product Code:**

**Model:** KARAM PN 2010, PN 2010(AP) VERTICAL TEMPORARY GUIDED TYPE FALL ARRESTOR ON FLEXIBLE ANCHORAGE LINE

**Approvals :** EN 353-2:2002

- Both these systems have one side loop for Connector PN 112(C) and other side a stop knot. The termination is stitched and is protected with a strong transparent covering sleeve which not only protects the end but also makes the stitches visible for easy inspection prior to use.
- PN 2010(AP) comes with Anti-Panic features.
- Abrasion resistant thimble at termination to protect the loops forms being damaged by metallic contact.
- Available in lengths of 5m to 100m.

**PN 2010**

**PN 2010(AP)**
